Star® Round Warmers

□4RW □4RW-4H □4RW-L □4RW-P

4RW-P

DESCRIPTION

Star's 4 quart, high performance warmers offer the right unit for high or low volume foodservice venues. Star's round warmers are excellent for warming soups, chili, gravies and hot fudge in a variety of foodservice operations including schools, restaurants and recreational facilities.

SPECIFICATIONS

Star round warmers are constructed with high performance and low maintenance in mind. These units feature a one piece spot welded stainless steel body, high quality stainless steel body and stainless steel heat well. The stainless steel heat well provides long life, maximum performance, and is easier to clean. Round warmers come complete with skid resistant feet, a 6' lead in cord and NEMA plug. A wrap around heating element is attached to the heat well for maximum performance. An adjustable thermostat with a "positive off" is provided and a hi-limit safety thermostat is standard. Unit is UL and UL Sanitation (approved to NSF Std #4) and CUL approved.

WARRANTY

These units come with a one [1] year warranty for parts and labor.

FEATURES

- Round warmers keep your product at the right temperature until ready to be served, requiring minimum counter space
- Stainless steel body design for easy maintenance and durable performance
- Wrap around heating elements with the highest wattage available provides maximum heating for refrigerated or frozen foods
- Adjustable thermostat holds food product at desired temperature
- Hi-limit thermostat prevents warmer from overheating

Model 4RW: 4qt. Basic Warmer - requires optional SSB-4 inset bowl w/cover and ladle

Model 4RW-4H: 4qt. Warmer with hinged lid and bowl (ladle optional)
