

To: Authorized Service Agencies

From: Star Holdings Group (Star, Lang, Wells, Toastmaster)

Subject: Parts Price Increase Notice Effective 8-01-2019

Due to the impact of government regulations and market conditions on material cost across our industry we find it necessary to make a mid-year price adjustment on our component parts. **Effective August 1, 2019, there will be an average price increase of 8%** with in-line adjustments on all component parts supplied by our Star Holdings brands (Star, Lang, Wells, Toastmaster). Parts can be purchased as per your parts program until that time at current pricing.

We value our Service Agency partnerships and we thank you for your understanding as we manage through these market conditions.
